This training is subsidised for eligible students using Victorian and Commonwealth Funding.

Builders Academy Australia will incur some costs before a course starts. These costs may include the preparation of training materials, the hire of a training room and equipment, etc. and they need to recover some of these costs if a student withdraws from the course in certain circumstances. Builders Academy Australia will charge a student a \$385 cancellation fee in the following circumstances:

- A. if a student cancels or withdraws from the course within 5 business days before it starts; and
- B. if a student cancels or withdraws from the course after they have attended the first 2 training sessions (but before completing the program).

Builders Academy Australia acknowledges that you may have extenuating circumstances that prevent you from attending scheduled course dates that may include but are not limited to illness, family or personal matters, or other reasons that are out of the ordinary. Where you can provide evidence to support such circumstances, the cancellation fee may be adjusted/ waived. This decision of assessing the extenuating circumstances rests with the National Operations Manager and shall be assessed on a case by case basis.
