ACADEMY**
AUSTRALIA

COURSE INFORMATION

CPC40110

**CERTIFICATE IV
IN BUILDING & CONSTRUCTION
(BUILDING)**

If you are an aspiring or working tradesperson, here is your foundation for success. This is your first step towards starting your own building business and preparing for the Building Practitioners Board registration.

CERTIFICATE IV IN BUILDING AND CONSTRUCTION (BUILDING)

CPC40110 Certificate IV in Building and Construction (Building) covers all the details on how to plan, prepare and manage residential construction sites from start to finish. Examine the principles, techniques and regulations of the Australian building and construction industry.

Enrolment checklist

- You are over 18 years old or over
- You are competent in written and spoken English (language, literacy and numeracy will be assessed as part of the enrolment process)
- You are able to attend the scheduled classroom training sessions as per the timetable
- You will have access to a computer and the internet for the duration of the course
- You have previous experience in the building and construction industry

How long will it take?

Our Certificate IV courses are held 2 nights per week part time and run for between 29-35 weeks depending on your level of experience in the industry. You will need to allow for approximately 8 hours study time per week outside of your class study in order to complete your course work. We know that location is important so we have classes that are close to home and work, give us a call and ask us about the closest course to you.

Is the course subsidised?

If you meet eligibility criteria the cost of your course will be delivered with Victorian and Commonwealth Government funding. If you aren't eligible, you can still enrol in the course as a full fee paying student. We have several payment options available. For our full fee list please visit www.buildersacademy.com.au

Give us a call to discuss the best option for you.

Future pathways

This Certificate can assist you in pursuing a career in a supervisory role such as construction supervisor, planner, co-ordinator or manager. After completing your Certificate you may decide to further your training with CPC50210 Diploma of Building and Construction (Building).
