

Building Leadership Program

**BUILDERS
ACADEMY**
AUSTRALIA

This course is designed for people working towards university entrance and becoming building professionals.

BUILDERS ACADEMY AUSTRALIA

Building Your Future

Based on the principle of “builders training builders”, Builders Academy Australia (BAA) draws on its deep connections to Simonds Homes, one of Australia’s largest domestic home builders. With this close industry link, Simonds rich history and experience is reflected into the courses BAA deliver, ensuring graduates are ready for today’s competitive workforce.

BAA prepares aspiring building professionals to make a profound impact on the building and construction environment for the next generations. BAA’s building leadership program gives participants a feel for all components of construction management through theoretical knowledge and integrated learning that takes you out of the classroom and onto the job site. Throughout your studies you’ll also have exposure to domestic and commercial building sites.

INDUSTRY CONNECTED

BAA provides the highest quality curriculum and training services to meet real industry needs. BAA is proud to be connected to a strong community of industry partners. At BAA, you learn from industry leaders who are qualified and experienced in creating qualified building professionals who will be responsible in building the spaces in which we work and live.

BAA is renowned for successful student outcomes, strong links with industry, and innovative approaches to learning. BAA works closely with the industry to develop programs and initiatives that respond to a rapidly changing workforce to address current and future skill shortages.

LEARN FROM EXPERIENCE

BAA is part of the Simonds Group which includes Simonds Homes, one of Australia’s largest builders of detached housing. This allows great insight into employee and industry focused educational delivery with an emphasis on the importance of meeting industry needs.

Building homes since 1949, Simonds Homes celebrates a heritage that is celebrated and trusted by Australian families and industry.

Founded by Gary Simonds, Simonds Homes’ success is built on Gary’s guiding vision to build the Great Australian Dream for families. This dream of positively impacting lives continues today in not only the homes built but also the difference made for graduates of the industry-focused educational programs delivered through BAA.

With such extensive experience and three generations of builders, Simonds homes has a long history of building high quality and affordable homes.

Simonds Homes and Builders Academy may be two different businesses, however work towards the same goal and that’s to produce highly skilled building professionals who meet current needs of the industry.

GRADUATE AND ENTER UNI WITH TWO QUALIFICATIONS

Successful completion of BAA's Building Leadership Program provides credit towards entry to the following courses at Victoria University:

- Bachelor of Building Surveying (NBBS)
- Bachelor of Building Design (NBBD)
- Bachelor of Construction Management (Honors)

Our building leadership program will see graduates complete a;

- CPC40110 Certificate IV in Building and Construction (Building); and
- CPC50210 Diploma of Building and Construction (Building).

Give your building and construction career a competitive advantage by gaining the skills and knowledge to learn how to plan, coordinate and complete residential, industrial and commercial building projects.

GAIN CREDITS TOWARDS A BACHELOR

BAA is a proud partner of Victoria University (VU), an institution that ranked in the top 2% in the Times Higher Education World University Rankings in 2017/2018.

BAA and VU come from a strong heritage of success and it's this heritage that fosters trust and respect by our respective students. With VU encompassing a 100 year commitment to providing quality education and BAA, through Simonds Homes, building homes since 1949, together we empower and create the next generation of building professionals.

VU recognises BAA's Building Leadership Program by applying unit credits which can take up to a year and a half off the completion time of your degree.

A SOLID CAREER IN A BOOMING INDUSTRY

Each year more than 42,731 homes are built in Victoria, and year on year this number will continue to grow. To facilitate this growth, we need qualified building and construction professionals who can manage a vast number of people and resources to complete developments on time. With the need for new residential and commercial developments, the career outlook for construction professionals has never been better.
