

COURSE INFORMATION

CERTIFICATE II IN CONSTRUCTION PATHWAYS

CPC20211

Work towards an apprenticeship in the building and construction industry.
Gain a competitive advantage by being the apprentice every tradesman hopes for and increase your employment prospects.

IS THIS COURSE FOR YOU?

CERTIFICATE II IN CONSTRUCTION PATHWAYS

CPC20211

This qualification covers the basic skills and knowledge required to work in a primary trade within the construction industry. It will give you a chance to sample a variety of trade skills and help you find your career path in a highly employable sector.

You'll learn the best work health and safety practices, how to correctly use tools, and learn about the materials you will be working with.

You will understand the job, and what is required of you and be able to effectively communicate with your work-mates.

Enrolment checklist

- ☐ You are over 16 years of age (if you're under 18, your parent or guardian must sign the enrolment form on your behalf)
- ☐ You want to pursue a trade within the building and construction industry
- ☐ You are competent in written and spoken English (language, literacy and numeracy will be assessed as part of the enrolment process)
- ☐ You are able to attend the scheduled classroom training sessions as per the timetable

How long will it take?

Standard course duration is 13 weeks face to face delivery, 3 times per week from 08:30 am - 4 pm. You will be expected to study and complete some assessments at home. Please contact us for current course schedules.

Is the course subsidised?

For eligible students this training will be delivered with Victorian and Commonwealth Government funding. If you aren't eligible, you can still enrol in the course as a full fee paying student. We have a number of payment options available. For our full fee list please visit www.buildersacademy.com.au. Give us a call to discuss the best option for you.

Future pathways

This qualification prepares you with the essential skills needed to enter a full apprenticeship in your chosen field of construction, including carpentry, joinery and shopfitting or wall and floor tiling. The core units will meet the requirements and provide credits in most Certificate III qualifications - apprenticeship courses - in building and construction trades.

Units

Participants need to complete 12 units of competency, consisting of 6 core units plus 6 elective units.

REAL BENEFITS

- Choose your career path
- Gain accredited qualifications and industry knowledge
- Learn new skills and have your existing skills recognised
- Meet new people and make potential business contacts
- Gain confidence and become more employable
