This program will see you develop the techniques and aptitude to carry out carpentry tasks and processes. You will learn practical skills and knowledge to undertake projects in new residential housing construction, maintenance and repair and renovations.

Australia needs qualified carpenters to build the residential cities and suburbs of tomorrow - trust your future with

Builders Academy Australia; 2018 Victorian Small Training Provider of the Year!

How long will it take?

The standard course duration is 3 years full time completed on-the-job within an apprenticeship. However, duration may vary depending on individual circumstances.

Is the course subsidised?

If you are registered in a VIC Carpentry Apprenticeship and meet eligibility criteria the cost of your course will be delivered with Victorian and Commonwealth Government funding. If you aren't eligible, you can still enrol in the course as a full fee paying student. We have several payment options available. Give us a call to discuss the best option for you.

Future pathways

After completing CPC30211 Certificate III in Carpentry you may decide to further your training with a CPC40110 Certificate IV in Building and Construction (Building) or CPC50210 Diploma of Building and Construction (Building)
