COURSE INFORMATION

CPC40912

CERTIFICATE IV IN PLUMBING AND SERVICES

You're a registered plumber and you have completed your apprenticeship. The next step is to gain the qualification that will give you the skills and knowledge required to become a licensed plumber with CPC40912 Certificate IV in Plumbing and Services.

IS THIS COURSE FOR YOU?

CPC40912 Certificate IV in Plumbing and Services covers common skills for the plumbing industry as well as specialist streams relevant to gasfitting, drainage, sewerage, roof drainage and more.

Training and assessment for all units within this course will be undertaken in a real or closely simulated workplace environment, as required by the plumbing industry.

Enrolment checklist

- You are over 18 years of age
- You have completed Certificate III in Plumbing
- You are competent in written and spoken English and have sufficient numeracy skills
- You are able to attend the scheduled classroom training sessions as per the timetable
- You will have access to a computer and the internet for the duration of the course
- You have your own plumbing tools for practical classes, please see our website for more details
- You have 8 hours free time a week to study outside the classroom

How long will it take?

The standard course duration is 41 weeks part time/external study, however times may vary depending on individual circumstances.

Is the course subsidised?

If you meet the eligibility criteria the cost of the course can be subsidised by State and Commonwealth Government funding. Contact us to find out if you qualify. If not you can still enrol as a full fee student.

Future pathways

After completing Certificate IV in Plumbing and Services CPC40912 you are eligible to undertake the state assessment to become a licensed plumber.

Units
